

BT BUSINESS MOBILE SOLO.

THE RIGHT PLAN MADE FOR YOUR BUSINESS.

WHAT IS BT BUSINESS MOBILE SOLO?

BT Business Mobile Solo is designed for small businesses that want a mobile phone with inclusive minutes, texts and data for a regular monthly price. You can choose from a wide range of handsets and the best plan to suit your needs.

All of our Mobile Solo plans include 4G as standard (as long as you've got a 4G-enabled handset and are in a 4G area). What's more, all of our Mobile Solo plans come with free access to unlimited BT Wi-fi at more than 5 million UK hotspots, so you can work wherever and whenever you need to, without using your data allowance.

All our Mobile Solo plans come with handsets so, if you don't need a new phone, we'd recommend one of our Mobile SIM Only plans. Also, if you need more than one phone, we have a range of Mobile Sharer plans, which allow you to have multiple phones that share a bundle of minutes, texts and data.

**SIM ONLY
PLANS ARE ALSO
AVAILABLE.**
