16.1.3 An Eligible Failure means a total loss of service (i.e. no transmission of signals in one or both directions) for a period of longer than five hours.

16.1.4 The Scheme will only be applicable when a total failure of the whole wavelength occurs. Failures affecting individual channels will not be considered as "eligible failures".

16.1.5 Any reductions to the annual Recurring Charge will apply to:

- (a) The wavelength Recurring Charge for Optical Connect Regional, Filter Connect and Optical Connect Core.
- (b) The system Recurring charge for Optical Connect Local.

- 16.1.6 The Restore-Time Service Credit will be applied against the first invoice for the following Service Level Year unless the service is terminated in which case a specific payment will be made.
