

During an active call, you can transfer the call to another person or another number.

## Transferring a call to another number

1. During a call click on the three dots and select **Transfer**.

2. Enter the phone number you wish to call using the contact list or dial box.
3. Click on consult first to inform the caller about the call. If the person is ready to take the call, click Complete transfer. If not, click **Resume** to go back to the first call.
4. Alternatively, select **Transfer now** to immediately transfer the call without consulting.
