Domain Name Registries' Policy Terms and Conditions		5
Top Level Domain Name, corresponding Registry and Registry Policy Terms & Conditions		6

This Service Schedule is in addition to the Conditions for BT Business Services and forms part of this Contract for Domain Names from BT (the "Service").

1 Service Description

- 1.1 The Service provides the domain names services as described at <https://business.bt.com/products/computing-apps/domain-registration/> and will be provided to the Customer at the Site.
- 1.2 In addition to these terms and conditions the Customer will be bound by the terms and conditions of the domain name registry responsible for providing the domain names:
 - (a) Generic domain names, including without limitation .com, .net, .org, .biz, .info, .name and .pro. ICANN's Registrants' Rights and Responsibilities can be seen at <https://www.icann.org/resources/pages/benefits-2013-09-16-en>. The Customer acknowledges that it has read, understood and agrees to be bound by all terms and conditions of ICANN's Uniform Domain Name Dispute Resolution Policy (the "UDRP"), as amended from time to time, which is hereby incorporated and made a part of this Contract by reference for all gTLD domain name registrations or renewals.
 - (b) .eu domain names at <http://eurid.eu/en>
 - (c) .mobi domain names at <http://mtld.mobi>
 - (d) domain names listed at Appendix 1 together with the corresponding registry's online terms and conditions
- 1.3 The Customer may order and pay for the Service by telephone or online at <https://business.bt.com/products/computing-apps/domain-registration/> or by signing into its BT Business Online Account at <https://business.bt.com/> and selecting the Manage Your Services option.
- 1.4 BT will forward the Customer's requested domain name to the appropriate registry, which will become effective only on acceptance and activation by the registry and on payment to BT of the appropriate charges. BT does not guarantee that a domain name can or will be accepted by the registry and is not responsible for any inaccuracies or errors in the domain name registration or renewal process.
- 1.5 In the event that BT is unable to take payment for any reason, the domain name will not be registered to the Customer. BT and the registry may make the domain name available to any third party as if no such registration had been requested by the Customer.

2 Responsibilities of BT & the Customer

- 2.1 It is the Customer's responsibility to provide full, complete and accurate information in order to complete any application, registration, renewal or cancellation. This will include providing accurate and reliable contact details required by BT or a domain name registry which the Customer will correct and update within seven days of any change during the Service. Examples of such information include full name, postal address, email address, voice telephone number and WHOIS data elements.
- 2.2 All domain names are initially directed to a BT webpage until such time as the domain administrator redirects the domain. The BT webpage may be modified automatically by BT at any time and which may contain marketing information and links to other products and services from both BT and from third parties. BT cannot be held liable for the content of any third party.
- 2.3 The Customer must nominate two contacts during registration:
 - (a) a contact from whom BT is authorised to take instructions regarding the domain name, including termination or renewal of the domain name; and
 - (b) an administrative contact to which BT will direct notices.
- 2.4 The Customer will need its BT Business username and password to order and manage domain names from its BT Business Online Account at <https://business.bt.com/> and selecting the Manage Your Services option.
- 2.5 The Customer acknowledges and agrees that BT will 'transfer lock' the domain name to prevent unauthorised transfers. To unlock the domain name, the Customer must contact the BT domain name helpdesk via online forms available at <https://business.bt.com/>.
- 2.6 The Service can be used to forward visitors to the domain name to another website designated by and registered to the Customer. The Customer must not forward a domain name to an invalid domain name, to a website controlled by a third party and must not forward a domain name not registered to the Customer.
- 2.7 The Customer cannot transfer a domain name to another domain name registrar within 60 days of registration with BT.
- 2.8 The Customer warrants that the registration of the domain name will not infringe the rights of any third party.
- 2.9 It will constitute a material breach if the Customer wilfully provides inaccurate or unreliable information or wilfully fails to update information within seven days of any change or fails to respond for over 15 days to inquiries concerning the accuracy of contact details associated with its registration.

- 2.10 The Customer hereby indemnifies BT, and the applicable registry, against any claims or legal proceedings which are brought or threatened against BT or the applicable registry by a third party as a result of the Customer's use of the service, including but not limited to the application for, registration of, renewal of or failure to register or renew a particular domain name.
- 2.11 BT reserves the right to reject any registration or renewal of any domain name requested by the Customer at its sole discretion.

Renewal & Transfer

- 2.12 Change of registrant – To comply with ICANN regulations, <https://www.icann.org/resources/pages/transfer-policy-2016-06-01-en> any changes of registrant will result in a 60 day lock for the domain, during which period transfers will be prevented. This lock cannot be removed prior to its expiry. Any updates to, first name, last name, phone number, email address, will be considered a change of registrant.
- 2.13 At the end of the 2 year minimum period of the domain name (or such other period as BT will agree at order placement) domain names will be automatically renewed 45 days prior to expiry, for such further term as BT will agree, using the original payment method if able, and subject to the BT's terms and conditions at the time of renewal and acceptance by the applicable domain name registry.
- 2.14 In the event that BT is unable to take payment for any reason, the domain name will not be renewed and BT will have the right to terminate the Contract, forward the domain name to a BT website, disable the domain name and make the domain name available to a third party. The Customer, subject to BT's sole discretion and subject to the applicable registry granting BT the right, will have the ability to redeem the domain name from the intended renewal date for a period of 60 days. Redemption of the domain name may be subject to payment of additional charges at BT's sole discretion.
- 2.15 BT will use reasonable endeavours to notify the administrative contact of the Customer in advance of the renewal of any domain name by sending an email 60 and 45 days prior to renewal informing the Customer of the date of renewal and requesting up to date payment details where appropriate.
- 2.16 To avoid renewal of the domain name and BT taking payment for such renewal the Customer must access the Domain Name management screens available on its BT Business Online Account at <https://business.bt.com/> and selecting the Manage Your Services option at least 45 days before expiry and opt out of renewal of that domain name. Failure to opt-out prior to 45 days before the renewal date will result in a non-refundable payment being taken by BT.
- 2.17 It is the Customer's responsibility to ensure that an up to date administrative contact email address is maintained.
- 2.18 BT accepts no liability for failure to place a domain name into redemption or to renew a domain name.
- 2.19 Upon request of a transfer of a domain name into BT, BT will pre-authenticate a renewal payment on the Customer's credit card until such time that the transfer to BT is completed or cancelled. Transfer requests not completed in 5 days will be automatically cancelled and no funds taken.
- 2.20 If a Customer has ordered the BT Domain Name Shield as part of the Service, this will be renewed and the applicable payment taken at the same time as the domain name renewal.

3 Charges

- 3.1 The Customer must pay the Charges for the Service set out at <https://business.bt.com/products/computing-apps/domain-registration/> at the time of ordering and renewing the Service. The Charges are part of these terms and conditions. BT reserves the right not to accept payment by cheque or cash.
- 3.2 All charges are non-refundable, in whole or in part, if prior to the end of the then current Service term the Service is either suspended, cancelled or transferred by BT due to the Customer's breach of the Contract, or if the domain name is transferred to another service provider by the Customer. BT reserves the right to change fees, surcharges, renewal fees or to institute new fees at any time, for any reason, at its sole discretion, without prior notice to the Customer.
- 3.3 In the event that the Customer terminates the Contract due to BT changing this Contract in accordance with paragraph 5.1 of the Conditions to the Customer's significant disadvantage, BT will refund to the Customer the pro-rata proportion of the Charges for the remainder of the outstanding minimum period.

4 Additional Conditions

- 4.1 BT will give notice to the Customer using the administrative contact email address nominated by the Customer. It is the Customer's responsibility to check the email addresses regularly.
- 4.2 All contact relating to the Service should be made by the Customer through the support pages on <http://btbusiness.custhelp.com/app/home/>.
- 4.3 In addition to BT's rights to suspend or terminate the Service as set out in Paragraph 6.5 of the Conditions BT may, in its sole discretion, suspend, cancel, transfer or modify a domain name registration as follows:

- (a) to correct mistakes made by BT, another registrar, or the applicable registry administrator,
- (b) to resolve a dispute related to that domain name,
- (c) within 30 days of the creation of that domain name registration,
- (d) in accordance with paragraph 6.5 of the Conditions.

5 Security

- 5.1 Where BT issues the Customer with a set of usernames and passwords, these are essential for the Customer's secure use of the Service and must be kept confidential, secure and only used in accordance with all relevant instructions.
- 5.2 To ensure that the Service remains secure, the Customer must not change or attempt to change a username.
- 5.3 If BT believes that there is likely to be a breach of security or misuse of the Service it may:
 - (a) change the Customer's password and notify the Customer that it has done this; and/or
 - (b) suspend username and password access to the Service.
- 5.4 If the Customer believes that any username or password has become known by someone not authorised to use it, or if any password is being or is likely to be used in an unauthorised way, it must inform BT immediately.

6 Regulations and use of the Service

- 6.1 The Service must be used by the Customer in good faith and must not be used:
 - (a) in any way that is unlawful or in contravention of any licence or BT's Advertising Policy located at <http://www2.bt.com/static/i/btetail/panretail/terms/index.html>; or
 - (b) Third person's rights; or
 - (c) to cause annoyance, inconvenience or anxiety; or
 - (d) to allow access to or use of any material which is offensive, abusive, indecent, defamatory, obscene or menacing; or
 - (e) in any way which BT considers is or is likely to be detrimental to the provision of the Service to the Customer or service to any of BT's other customers.
- 6.2 Occasionally, for operational reasons, BT may have to interrupt or suspend Service. BT will restore the Service as quickly as possible.

7 Charges and Payments

- 7.1 The Customer agrees to pay all charges upon receipt of BT's bill. The Customer agrees that BT may submit bills for some of the charges in advance as specified in the Service Schedule.
- 7.2 If the Customer disputes any charge on a bill the Customer will within 7 days of the receipt of the bill notify BT in writing with all relevant information. Any disputes will be resolved promptly and the resolved amount, if any, is payable within 7 days.
