2 Standard Service Components

BT will provide you with all the following standard service components ("**Standard Service Components**") in accordance with the details as set out in any applicable Order:

2.1 Fault repair

- 2.1.5 BT may remove all or part of the Customer Equipment from the Site(s) for the purpose of inspection, testing or repair.
- 2.1.6 BT may provide you with a permanent replacement part, either new, repaired or refurbished, instead of repairing the defective part.
