The Offer will be available to new Circuit connections during the Offer Period, from the Customers who sign up to the Contract for BTnet Service.

The Offer will be available on 100Mbps, 500Mbps and 1Gbps access Circuits (“**Bearers**”) only. Other access Circuit sizes will be excluded from the Offer.

The Offer will be available on three-year and five-year Contract terms only.

New Circuit connections and Bearer upgrade Orders only.

The Offer

BT will discount the standard Charges set out in the Order for the following speeds:

- On 100Mbps access circuits, 100Mbps port speed will be the same price as 30Mbps for the Offer Period.
- On 500Mbps and 1Gbps access circuits, 500Mbps port speed will be the same price as 250Mbps for the Offer Period.
- On 1Gbps access circuits, 1000Mbps port speed will be the same price as 500Mbps (standard pricing) for the Offer Period.

BT will confirm the pricing on request. The pricing will depend on location and address of the Site.

The contracted rental will remain active throughout the duration of the Contract, unless BT actions an additional in-life change or modification which results in a change to the Service or rental. In this case pricing for the new Service and Contract will apply, and will be confirmed at the time of the Order.

At the end of the committed term, pricing will roll over at the same rental rate on a rolling one-month basis, until such a time as you modify or change the Service, or carry out a change which results in a new rental and term.

All Orders are subject to Site survey and acceptance criteria.

BT may withdraw the Offer at any time without notice.
